

OUR STRATEGY

The Eastern Star Foundation is a philanthropic foundation whose focus is helping to improve outcomes for the aged.

Our history of caring for the aged dates back to 1954, when a group of Order of the Eastern Star members established the organisation with a mission to provide a home for their aged members. The organisation later became an aged and community care provider, known as Star Aged Living and was based at Beaudesert in Queensland.

The aged and community care business was sold in 2018, and the organisation transitioned into a philanthropic foundation in 2019. The Eastern Star Foundation's activities are underpinned by its values of dignity, independence and hope.

Experience healthy ageing

We also support our charity partners to measure their impact and better understand and manage the outcomes they create, as well as share what we have collectively learnt.
